**We Salute Those Pioneers Whose Dreams Became The Realities Of 1966
We Hope That Our Dreams Will Become The Realities Of The Future**

WE'RE PROUD TO BE PART OF PORTERVILLE

Ten years ago the community of Porterville and the Rockwell Manufacturing Company formed a new friendship. We Came To Porterville . . . And Porterville accepted us as a member of the community.

Porterville people and our people became friends . . . And we became part of Porterville.

We like to think that in a way we became part of the colorful history of the Porterville Community. We missed the Butterfield Overland Mail Stage, that played such a significant part in Porterville's beginning 105 years ago, but we hope we can play a major role in the development of Porterville during its second Century of Progress.

Our Rockwell people have a job to do for our company . . . But we also have a job to do for Porterville, a different sort of job, a community job. That's why you find the men and women of Rockwell in your community organizations, working for the betterment of Porterville, working for Progress In Porterville.

It is with great anticipation that we look forward to mutual sharing in development of Porterville and development of Rockwell. Our Company and our Community of Porterville move forward hand in hand.

So to all the Pioneers and Veterans who will be in Porterville for the 48th annual Homecoming November 11, we say, "Many Happy Returns Of Homecoming Day."

NOTHING BUT the best has been good enough for Porterville's fire department as indicated by the above photo, taken about 1908 or 1909. The ladder truck in front is still in operation - as a museum

In background is the old city firehouse, built in 1893, and the old city library, built in 1908. Both structures have fallen in the path of progress, making way for the present city hall and police building.

WORLD WAR OVER

(By Associated Press)

The world war will end this morning at 6 o'clock, Washington time. Armistice was signed by German representative at midnight. This announcement was received by the state department at 2:30 o'clock. The Department announcement simply said: "The armistice has been signed."

WASHINGTON, Nov. 10.—William Hohenzollern has arrived in Holland and is proceeding to Desteeg, near Utrecht, according to a dispatch received by the army general staff from The Hague.

This Is The Dream That Was

THE WAR to end wars is over. The Yanks will come marching home. The great Armistice has been signed, November 11, 1918. The World is now safe for Democracy.

LEGAL FETE TODAY

At 4 o'clock this morning Acting Mayor Huber proclaimed today a legal holiday in Porterville in celebration of the end of autocracy and the triumph of democracy.

The proclamation was issued following a meeting in James Book Store which was attended by Mr. Huber, City Trustee Al. G. Minzer, Capt. O. W. Carr and Allen Bullard, C. C. Goodman, H. A. Peterson and others representing the civic and business interests of the city. The meeting was unanimous in favor of a cessation of business today and followed a general demand from all quarters that Monday, Nov. 11, be made the greatest holiday in the history of Porterville.

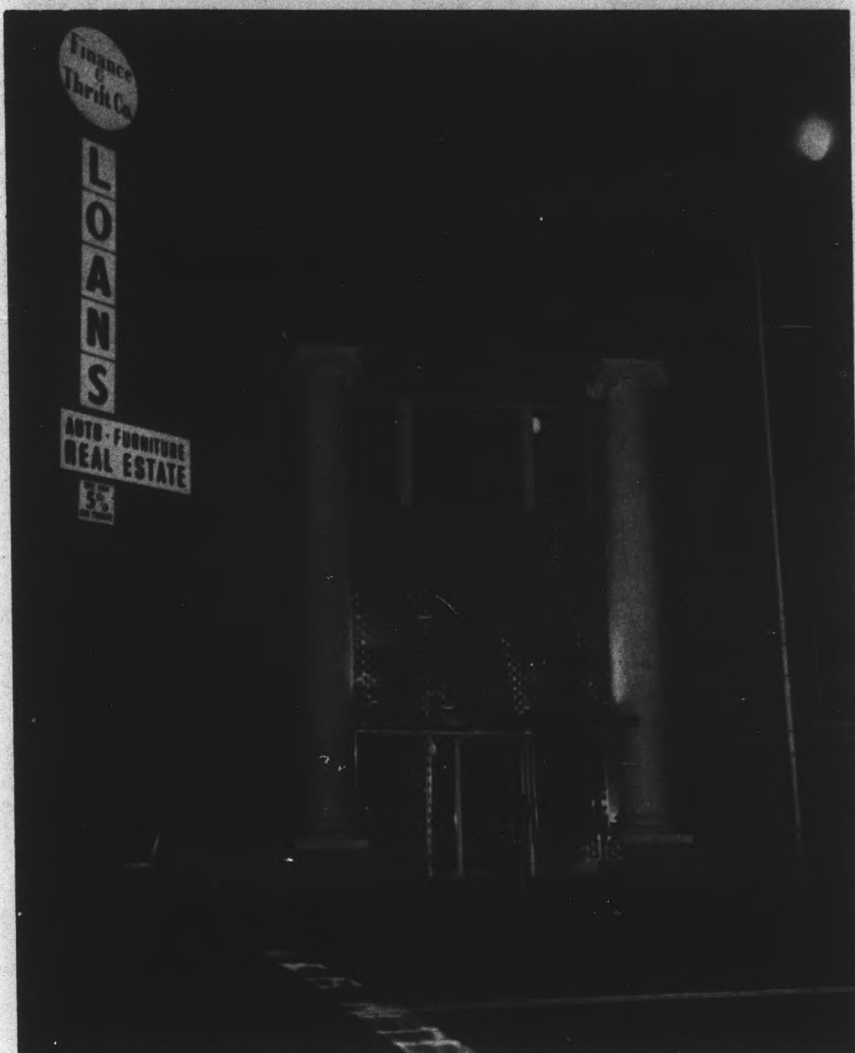

Telephone messages are being sent to all the surrounding communities to come and join in the celebration. A great concourse of people is expected.

There will be a big parade at 2 p. m. in which No. 97, California Military Reserve, the High School Cadets and the Boy Scouts and the Porterville Band will lead.

Following the parade there will be a speaking program at 2:45 p. m. at Main and Cleveland streets, a platform to be erected on the vacant lots there. The following men representing the various churches of the city will each speak ten

Of Course Porterville Has Progressed And Changed Through The Years . . . And So Have We. But the Welcome Sign Is Still Out, And Always Will Be, For Our Old Friends And Our New Friends . . . Through The Past Half Century Our Business Aim Has Never Changed — To Maintain And Justify The Confidence Of Our Many Fine Customers.

A DAY OF PEACE

PUBLIC opinion last night declared that there should be a cessation of public business today in order that all might properly celebrate the immeasurable victory which the Allies and America have won over Germany. In the words of our illustrious President, "The world has been made safe for democracy."

When public opinion called for a cessation of business it was right, as it was when it declared that the nation which had run amuck should be brought to task. That nation has now been brought low and it is most proper and fitting that we should pause for a day and give thanks that the future has been made safe for all mankind.

Porterville not only expects its citizens to take part in the celebration today but it also extends a cordial invitation to the surrounding communities to lay aside their daily cares and come here and join her in celebrating and giving thanks not for America's victory alone but for the victory of the world and the larger freedom, the larger brotherhood and the fuller manhood which it betokens.

The Recorder appearing this morning as an extra, the evening issue of the paper will be cancelled that its employees, too, may enjoy the day as one of rest and gratitude and peace.

PORTERVILLE, CALIFORNIA, MONDAY, NOVEMBER 11, 1918

CITY IS HAPPY

News of Signing of Armistice Sends Porterville Into Paroxysms of Joy; Parade Follows Parade and Noise is Deafening as City Celebrates

About thirty minutes after midnight Sunday night, on the eleventh day of the eleventh month, Porterville was awakened to receive the most momentous news in the history of the world, the ending of the world war. The news came by long distance telephone from San Francisco and was immediately communicated to the Engine House where the fire bell pealed forth the glad tidings. The ringing of the fire bell was the signal for church bells and steam whistles to take up the joyful news. Almost immediately scores of automobiles appeared on the streets their horns and the firing of guns adding to the din which had become terrific.

At five minutes after one the first issue of the Recorder's special war edition came off the press

minutes: Rev. L. A. Wood, Rev. J. A. Milligan, Rev. Mathias Ternes, Rev. C. T. Harrison, Rev. A. Toothaker, Rev. G. G. Schmid and Leslie McAuliff.

Community singing and a band concert will close the formal program.

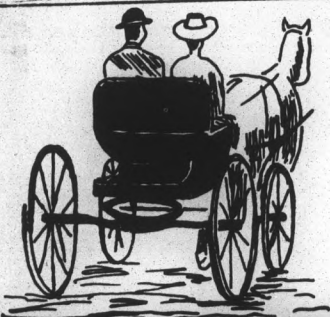

and immediately thereafter a bundle of "Extras" was dispatched to The Stag cigar stand where they were gobbled up like hot cakes by the big crowd that had already gathered. The reading of the actual Associated Press dispatch in the Recorder seemed to convince the large crowd that there was no doubt of its authenticity and still greater display of patriotism followed.

Under the leadership of Acting Mayor Huber, Capt. O. W. Carr and Lieut. Al. G. Minzer, of the local Military Reserve company, a parade was organized, Old Glory heading the procession. Hardly had the parade started before an illumination in the southeastern part of town drew the crowd thither. It proved to be Sam Riley's barn on fire. The police stated that the fire was set and that incendiaries were seen in the act of setting it. It was practically a total loss.

The crowd returning, there was more parading, a brief pause being made while J. A. Milligan made an announcement from an automobile, the Reservists shielding him with large flags while he spoke. Mr. Milligan began by saying that Porterville would hold a large celebration this afternoon and that everyone should be told of it and asked to come. He said he would not attempt to make a speech because the people were too hilarious, but he did improve the occasion to declare that the moment was one of the most important in the history of the world and that all over the world men and women were informally, yet sincerely, celebrating the end of autocracy as were the people of Porterville at that very moment. Loud cheering greeted the speaker's brief remarks.

The parading was then resumed, scores of women joining in the procession. Flags waved, bells rang, men shouted and dozens of autos maintained a constant shrieking with all kinds of horns. About this time the Porterville band appeared and there was real patriotic music played with such a fervor as Porterville has never heard before. Up and down the streets the great crowd

WORLD WAR NOW OVER

WASHINGTON, Nov. 11.—(By Associated Press)—By order of President Wilson Provost Marshal General Crowder directed the cancellation of all outstanding draft calls, stopping the movement during the next five days of 232,000 men and setting aside all November calls of over 300,000 men.

President Wilson issued a formal proclamation at 10 this morning announcing the armistice with Germany.

President Wilson will read the terms of the armistice before a joint meeting of congress today.

President Wilson's proclamation follows:

"My Fellow Countrymen: The armistice was signed this morning. Everything for which America has fought has been accomplished. It will be our fortunate duty to assist by example and sober and friendly council and by material aid with the establishment of just democracy throughout the world."

Secretary Baker announced that so far as possible all men who have been called and have not completed their training will be immediately turned back to civilian life.

King Frederick August of Saxony has been dethroned, according to an official telegram from Berlin.

marched shouting itself hoarse in celebration of the greatest victory in the history of human warfare. Pausing in its marching the band struck up "The Star Spangled Banner," the great crowd joining vociferously in the words of the national anthem. Other airs were played, all adding to the hilarity of the occasion.

Although the celebration at times became almost riotous and automobiles sped up and down Main street at full speed there was a general absence of real violence or accidents. One Ford car did overturn but the driver crawled out from under unhurt, the crowd righted the "Lizzie," cranked her and she went on her way rejoicing.

Several of the churches opened their doors that their communicants might enter to give thanks to God for victory and vindication of Christianity.

**Note the Riding Comfort
of Oakland Cars**

Up to the time that Oakland design gave motorists a fresh viewpoint on comfortable riding as applied to a light car, the usual method of obtaining easy riding qualities was to weight a car down to the road.

The Oakland has overcome this handicap of weight by Scientific balance. In the Oakland the weight is so proportioned that the passenger load above the springs controls the bouncing weight of the axle underneath them.

SECURITY FIRST NATIONAL BANK

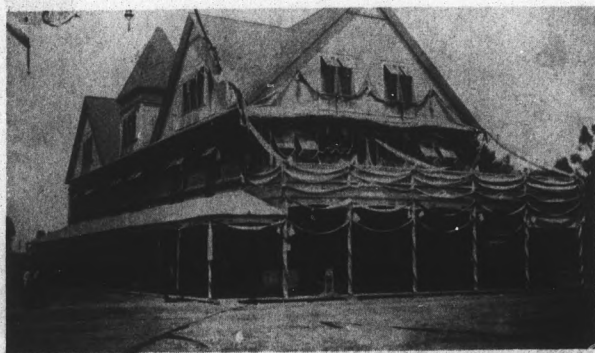

**77 YEARS
In Porterville
1889 to 1966**

Porterville's First Bank, established in 1889, The Pioneer Bank, in later years became the Porterville Branch of the Security First National Bank . . . The Pioneer Bank was located in the new Pioneer Hotel, which still stands at Main and Putnam. Our present, modern banking facility, is located at Main and Oak, opposite the site of Porterville's first building, constructed by the founder of the city, R. Porter Putnam.

As Porterville has grown, Security First National Bank has grown, serving as a financial partner for many individuals and many business firms. Today Security Bank is a symbol of strength and prosperity in one of the San Joaquin Valley's richest and finest agri-business communities.

Because we are proud of our heritage, we welcome returning Pioneers on Homecoming Day . . . And we anticipate with pride the future that lies ahead.

ONE WILL BE QUEEN OF 48th ANNUAL VETERANS' HOMECOMING

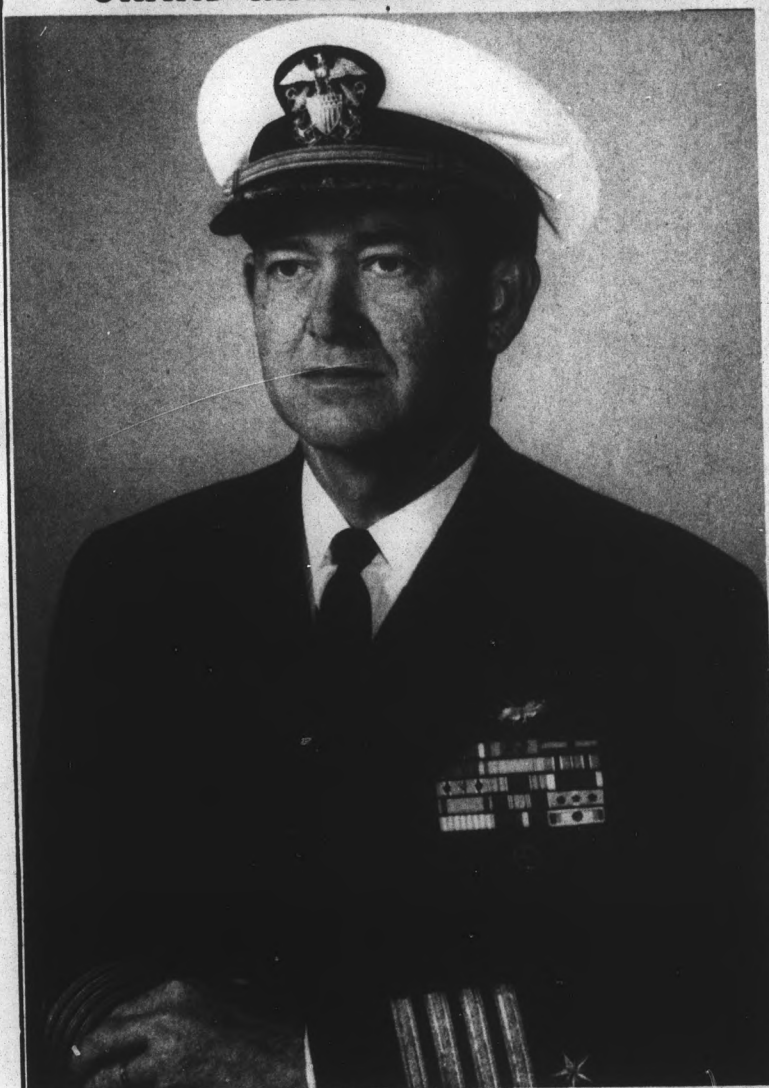

CONTESTANTS FOR queen of Porterville's 48th annual Veterans Homecoming Celebration are, from left: Susan Ferguson, Emily Lofton, Kelly Thomas, Joyce Sweet, and Lillian Gordon. Choice will be made by

out-of-town judges at a patriotic program to be presented tonight, November 10, at the Porterville Memorial auditorium, when the contestants will be interviewed by Bill Rodgers, and a program of instrumental

and vocal music presented by Buck Shaffer and Dean Semple, of the Porterville High School faculty. The public is invited to attend; the program starts at 8 p.m. (Hammond Studio photo)

GRAND MARSHAL OF PARADE

COMMANDING OFFICER of the U.S. Naval Air Station at Lemoore - Captain Howard J. Boydston - will ride as Grand Marshal of the 48th annual Homecoming parade that will open the November 11 celebration tomorrow, Friday, morning at 10 o'clock. In World War II Capt. Boydston served aboard the USS Enterprise at Guadalcanal and was a member of Fighter Squadron 8 that flew from the carriers USS Intrepid and Bunker Hill; he participated in campaigns at New Guinea, Saipan, Tinian, The Philippine Islands, Iwo Jima, Okinawa, and Formosa. He was among the first pilots to fly against

the communists in North Korea; he has been awarded the Distinguished Flying Cross, Air Medals, the Presidential Unit Citation and the Navy Unit Citation. He assumed command of the Lemoore Station on July 15, 1965. (Official U.S. Navy photo)

COLLEGE SETS HOMECOMING PROGRAM FOR NOVEMBER 19

Students and faculty at Porterville college are inviting "old grads" to a college homecoming on Saturday, November 19, with a full-day and evening program planned.

A parade through downtown Porterville will be highlighted by a Homecoming Queen's float, plus floats from a number of campus organizations.

A reception for former students is scheduled from 2 - 4 p.m., in the new college theater, under sponsorship of the Porterville College

Patrons' association.

As the top feature of the homecoming, the Porterville College Patriots will meet Allan Hancock college in Jamison stadium at 8 p.m. in the "big game" of the 1966 football season.

During a colorful half-time show, the Homecoming queen will be crowned; the Panther band will entertain; and a parade of decorated cars and floats will be presented.

Following the game a dance will be held in the college gymnasium.

NO. 3

CALIFORNIA'S DISASTER

San Francisco visited by Earthquake and Fire

The Whole City Almost Wiped Out. Loss Many Hundred Of Millions. Impossible To Get Full Details On Account Of Communication With City Cut Off. City Under Martial Law. Water & Food Scarce. Whole City Doomed. Thousands Without Homes. Insurance Companies Will Pay In Full.

SAN FRANCISCO, April 19th 5:15 p. m.—All San Francisco is doomed, as the flames cannot be checked at all. Residence portion also. There will not be anything left at all. No water whatever to fight the flames. St. Francis, Flood building, Hopkins Institute, also Mechanic's Pavilion reported gone. Several thousand lives lost.

It is with deep regret that the ENTERPRISE publishes the account of the terrible and disastrous catastrophe that has overtaken our State—the almost blotting out of our great cosmopolitan city, San Francisco. Never in the history of the world has such a gigantic financial loss been struck. At the present writing \$250,000,000 is the estimated damage, while 100,000 people have been rendered homeless. The amount of deaths has not been ascertained, but at present nearly one thousand bodies are lying at the temporary morgue—the Mechanics Pavilion.

Buildings of any account, there are none left. The handsome Palace Hotel, the pride of San Francisco, is a mass of ashes. The grand Call building is no more, the Examiner building, Rialto building, Grand Hotel, Merchants Exchange buildings, Crocker-Woolworth Bank building, S. P. railroad offices, City Hall, Hall of Justice, and many others have been effaced from the earth. From the Palace Hotel to the Ferry hardly a building is intact. The water front from Mission to Washington streets is completely devastated.

North of Market street, the fire extends out Hayes and McAllister streets to Fillmore, and from the water front along Market street to Montgomery and north from the water front to Montgomery street. Manufactories, hotels, wholesale houses and residences, comprising the principal part of the business section, have been destroyed.

Yesterday the famous Mills building and the new Merchants' Exchange, in which is situated the marine and stock exchanges, were still standing, but the Mutual Life Insurance building and scores of banks and office buildings were on fire, while blocks of other houses are still in the path of the flames, and nothing seems to be at hand to stay their progress. Block after block of banking houses are masses of red hot ruin and it will be months before the money that was housed in their vaults can be reached.

The earthquake caused the partial wreck of the California hotel, on Bush and Kearney streets, and the falling chimney and cornice of the hotel crashed through the fire house adjoining, severely injuring Fire Chief Sullivan, so that he was unable to direct the work of fire fighting. He is in a hospital in a precarious condition.

Despite this disheartening accident, the entire fire department, assisted by part of the Oakland department and volunteers from outside districts, did heroic work, many losing their lives while performing the work of succor.

The Majestic theater at Market and Eighth streets, was burned, the Columbia wrecked by the earthquake and the Central razed by the flames.

The \$2,000,000 Fairmont hotel is still standing but suffered great damage. The Odd Fellows Temple the St. Nicholas hotel and the Parrott building are gone, while the big city hall caved in completely when the earthquake shook the city.

Nearly every big factory building has been wiped out of existence and a complete enumeration of them would look like a city directory. Many of the finest buildings in the city were leveled to the dust by the terrific charges of dynamite in the hopeless effort to stay the horror of fire. In this work, many heroic soldiers, policemen and firemen were maimed or killed outright.

The troops from the Presidio are in charge of the City, and martial law has been proclaimed. Many earthquake shocks were felt during Wednesday, and people were fleeing from the City.

From the Cliff House comes word that the great pleasure resort and show place of the City, which stood upon a foundation of solid rock, has been swept into the sea. Not a thing stands to tell where the monster stone building once stood. It has been leveled to the foundation and only the rock lining the seacoast remains intact.

Commissioner E. Myron Wolfe announced at noon that the eighty odd insurance companies interested had decided to pay dollar for dollar to every one insured with them. The companies will not discriminate between fire and earthquake and everyone insured will be paid to the extent of the loss. But two of the companies affected are Pacific Coast concerns, the others having principal offices in the East or in Europe, and will stand the loss without danger of failure.

Report from cities near San Francisco show the destruction was general. Santa Rosa, sixty miles north is in flames and the damage is over \$1,000,000. The loss of life is not known.

At Napa many buildings were shattered and the loss will amount to \$300,000. No loss of life is reported.

At Vallejo the damage was slight in comparison with that suffered in other cities. The loss will be about \$10,000.

One of the big losses of the day was the destruction of St. Ignacius church and college at Van Ness avenue and Hayes street. This was the greatest Jesuitical institute in this west and was built at a cost of \$2,000,000.

The freaks of the earthquake are many. Wide fissures were made in the streets, street railways were twisted out of line, sewers and water pipes were burst and it is feared that there will be an epidemic of disease. Provisions are being sold at fancy prices and even water is being vended by the glass.

The court house at Redwood City and other buildings collapsed. Menlo Park, Burlingame and other fashionable towns are suffering. Napa, Vallejo and all towns around the bay are damaged. These reports, alarming as they are, created little interest in San Francisco, where the people were in a frantic state. They did not stop to dress, but rushed out into the streets in their night garments.

Wednesday's experience has been a testimonial to the modern steel building. A score of these structures were in course of erection, and not one of these suffered. The completed modern buildings were also immune from harm, by earthquake. The buildings that collapsed were all flimsy wooden and old fashioned brick structures. The damage by earthquake does not begin to compare with the loss by fire. The heart of the business section of San Francisco has been destroyed by fire. An area of thickly covered ground of eight square miles has been burned over and there is no telling when the fire will be under control.

Water mains have been dislocated, cutting off the supply of water, almost rendering the fire department hopeless. To stop the spread of fire, many buildings had to be dynamited.

Many Chinese were crazy from fright and hurried from the City. Many policeman became drunk and used their clubs promiscuously on women. A reign of terror prevailed and houses, in many cases, were dynamited whilst occupants were in them. Express wagons rent for fifty dollars an hour. There is very little drinking water, only at certain places and people are dying from hunger and thirst.

It has been impossible to get authentic information. The wires being down and communication cut off from San Francisco until yesterday, has made it very difficult to get detailed facts. A good many people here have friends in San Francisco and as yet have not been able to hear from them. A. G. Schulz succeeded yesterday in establishing communication with his son Lou, who announced he was safe in Oakland. Geo. Murphy, who went up Sunday, has as yet not been heard from.

Agnews asylum is a total wreck. Many of the inmates were killed, the ruins taking fire shortly after the collapse. There were about 700 people in the building, and scores of them who escaped are roaming around in a state of panic.

The earthquake shock was felt at Porterville about 5:15 Wednesday morning. It lasted about one minute, swaying the earth, but doing no damage. It was a kind of rocking sensation, but of a very tender nature.

Up to time of going to press nothing has arrived to change the reports already received.

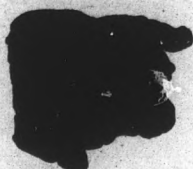

The Southern Pacific R. R. will not receive any freight for several days.

No damage is reported south of Salinas.

Relief Fund.

Thousands of people in San Francisco are homeless and destitute and need relief in many ways, therefore the ENTERPRISE has started a fund for their assistance by contributing \$20, and ask all who can, to assist by sending in subscriptions to this office, which in due time will be forwarded to the proper authorities.

Class Of '26 Reunion Saturday Is Special Homecoming Event

Old friends will meet again and old days will be re-lived when the Porterville High school class of 1926 holds its 40th year reunion, Saturday, November 12, at the Porterville Women's clubhouse on E street.

Program for the day will include an open house for class members at the home of reunion chairman, Anita Eckles Richards, 475 N. Crestview, starting at 2 p.m.

Dinner will be served at the Women's club at 7 p.m. by ladies of the First Baptist church, with dancing to follow. Music of the "roaring 20's" will be featured on the organ by Elizabeth Neufeld.

Any local persons interested in visiting with class members, or faculty members, are invited to join the group following dinner.

Twenty-nine members of the Class of '26 still reside in the Porterville area. Several of the class started in Porterville's first kindergarten, held in the First Congregational church; they then attended Porterville Elementary schools of

that day — Olive street, Vine street, East Putnam, and Morton street; none of the buildings in which they attended classes now remain.

This class was the last freshman class to enter the old El Granito high school, then, at mid-term moved into the then brand new Porterville high school at Jaye and Olive. Both of these schools have been replaced, the El Granito school being torn down after serving for a number of years as an elementary school; the "new" high school was demolished in the 1950s as a result of earthquake damage.

Master-of-ceremonies for the reunion will be Irvail Carter, superintendent of schools at Los Altos; Floyd Sanders will give the invocation at dinner.

Working with Mrs. Richards on the reunion arrangements committee are: Helen Gross Welles, secretary; Josephine Williams Witt, Magine West Hodgson, Trusse Brovelli Morrison, Shirley Garver Brown, Evelyn Van Valkinburg Dunn, Floyd Sanders, Kyle Lawrence, and George Overcash.

The People Speak - Loudly

Just as they have been inclined to do periodically in the past, The People spoke, Tuesday, pouring votes on Republican Ronald Reagan to elect him governor of California over the Democrat incumbent, E. G. Brown, while at the same time giving Republican Bob Finch a strong vote over Incumbent Democrat Glenn Anderson for lieutenant governor.

And in what is being termed an "upset", Republican Bob Mathias beat the previously unbeatable incumbent Democrat, Harlan Hagen, for the 18th district congressional seat — Tulare, Kings and Kern counties.

State Senator Howard Way, a Republican, polled a 2-1 vote in Tulare county to beat out Democrat James Cobey, also an incumbent, in the newly-reapportioned 15th state Senatorial district, that includes Tulare county.

As was expected, Gordon Duffy, Republican incumbent, won reelection easily over his Democrat opponent, John Cooley.

And there'll be a new sheriff in Tulare county come the first of the year. Bob Wiley, of Porterville, former Porterville college athlete and nationally-ranked professional calf roper, clobbered the incumbent sheriff, Sandy Robinson.

In the fifth supervisorial district, Ray Muller, of Terra Bella beat out Bob Simeral, of Pixley, in a close one for county supervisor from the fifth district. Incumbent Ray Longley, supervisor board chairman, did not seek reelection.

In other state offices, incumbents made the grade — Frank Jordan, secretary of state; Alan Cranston, state controller; Bert Betts, treasurer; Thomas Lynch, attorney general; and John Lynch, state board of equalization from the second district.

Nationally, Republicans apparently gained 46 seats in the House of Representatives, three seats in the U.S. Senate; and seven state governorships.

SPIRIT OF THE OLD DAYS

WHEN FOLKS talk about "the good old days," they are probably recalling the spirit of those days - a spirit of friendliness and helpfulness that developed during a period in which entertainment was simple and limited, worldly good were not always plentiful, and those hit by misfortune often had only their neighbors to turn to. Some of the spirit of the old days still remains - as an example the Porterville Sheltered Workshop, maintained and operated locally for benefit of young men and women who will always be limited in their mental capacities. New workshop building, right, on E street, is just being completed through a community drive, spearheaded by the Porterville Breakfast Lions.

BEN and PEG COLE Are Introducing
A New Line Of Prestige Shoes For Men
JOHNSON & MURPHY SHOES
"The Choice Of Presidents Since 1850"

THE BEN COLE STORY

The extensive re-creation of Cole's For Men and Young Men represents not only progress with Porterville, but a confidence in the future of Porterville that both Ben and Peg Cole believe in most strongly.

Starting 18 years ago on West Olive, Ben and Peg have just completed their sixth major store change in four different locations — each store remodeling and location change representing a marked upgrading of their business.

Certainly the just-completed change is the ultimate, for Cole's can now truly be called an elegant store, yet a store that carries an air of warmth and friendliness. Its merchandise lines feature quality men's clothing and furnishings, as

well as a new line of Johnson & Murphy prestige shoes.

Anticipating completion of Porterville's Downtown Parking District, a new and modern back entrance, as well as a colorful front entrance, gives easy access to customers. Three separate store areas, plus a walk-through area, add to the convenience and ease of merchandise selection.

And all remodeling work was done by Porterville craftsmen.

Both Ben and Peg hold a firm faith in the future of Porterville. "This community has been good to us," they say. "In return, we are trying to bring to Porterville a most modern, quality store."

OPEN HOUSE, marking completion of the new Grand View Heights Citrus association packing facility east of Terra Bella, and 50th anniversary of the association, were observed Saturday, with the rebuilding of a major portion of the house necessitated by a fire last February. Mechanization, bulk handling of oranges, and utilization of the most modern methods of citrus handling and packing mark the 50-year progress at Grand View. Photos of the new facility give an indication of the size of the packing plant.

WHAT'S DOING?

Whenever you have any questions about telephone service, or your phone bill, just call our Porterville Business Office 784-0400 and ask to speak to your Service Representative. She's there for just these reasons — to answer your questions and to help you. She's quick and knowledgeable, and she'll do her best to see that your service is taken care of just the way you want.

In a California newspaper I recently read this account of American ingenuity. A Southern California nightclub operator, bound hand and foot by robbers, dialed the local Information number—with his nose! Said he tried "0" for Operator but couldn't quite make it. "Information" sent police in a hurry to the man who had found help fast with Direct Nose Dialing.

From all of us here at Pacific Telephone — best wishes to all of you for a fine Thanksgiving Day.

Here's an important phone number to remember: "Zenith 1-2000." To report a traffic accident or any other highway emergency, in an unincorporated area and on freeways, dial Operator and ask for "Zenith 1-2000." This number, which is listed in the front of your phone book, will put you in touch with the nearest California Highway Patrol office and should be used *only* to report accidents in unincorporated areas and on most freeways.

SCALE WATCHING IS AN EXCELLENT HABIT

Prescription  Pharmacists

A scale in every home might be very beneficial to personal health, for weight is an excellent guide to future well-being—and should be watched carefully.

There is no short-cut to weight control. With each person, it is an individual problem, and subject to personal discipline.

Normal living and eating are likely the keys to health. If over-weight or under-weight, see your Doctor. He is the one qualified to determine the necessity and prescribe for such treatment.

Only with his guidance should you engage in any weight control project.

Dear Sir—I have been troubled with my bladder and kidneys for the last 20 years having doctor'd with many different physicians in that time, with no results. I was told to try a bottle of Dr. Fenner's Kidney and Backache Cure, which I did and which is the only medicine that ever gave me relief. I am 71 years old and am in the best of health today. I will heartily recommend Dr. Fenner's Remedy to any one suffering from their bladder or kidneys. Besides it is not a mean dose but pleasant to take.

KEEP THIS UNDER YOUR HAT

IT'S A BRAND YOU CAN DEPEND ON.
JUST AS OTHER WESTERN CATTLE-
MEN HAVE FOR OVER A THIRD OF A
CENTURY.
